# Palau

**MARCH 1<sup>ST</sup> –8<sup>TH</sup>, 2019**

***Aboard the MV Discovery Adventure***

**STARTING AT \$2950, PP DOUBLE OCCUPANCY**

**Palau** offers you the world's most beautiful tropical paradise. Rated as one of the world's best diving destinations by scuba aficionados, Palau is the home to one of the world's unique phenomena, the **Rock Islands**. The Rock Islands are Palau's crowning glory. More than 200 of these jungle-topped knobs of limestone dot the waters for a 20-mile stretch south of Koror.

**This outstanding location** features coral reefs, blue holes, wartime wrecks, hidden caves and tunnels, more than 60 vertical drop-offs to play with, and an astonishing spectrum of coral, fish, and rare sea creatures. Divers travelling to Palau can expect to see a variety of reef sharks, huge schools of jacks and barracuda, manta and eagle rays, Napoleon wrasse and batfish – coupled with many critters and impressive corals. There are also some outright miracles of evolution: giant clams that weigh a quarter of a ton, and the famous **Jellyfish Lake** teeming with 21 million softly pulsating, stingless jellyfish.
